BRUNSWICK PERFORMANCE SHORT SLEEVE SHIRT

Dry - excel polyester knit - a wicking and anti-microbial fabric that allows for added breathability. The performance shirt has a sport-fit cut with tagless labelling and a complimentary womens style for a more feminine fit.

The shirt is customized with two color, seen printed 'Brunswick' decals.

FRONT

BACK

BRUNSWICK FRONT LACED HOODED SWEATSHIRT

Cotton and polyester blended fleece. Features a spacious front pocket and chunk drawcord. Custom embellished with two and three color logo logo applique and player number applique.

LEFT LEG

RIGHT LEG

BRUNSWICK HOCKEY SWEATPANTS

Cotton and polyester blended fleece. Features lined pockets, elastic waistband, drawstring and closed, cinched leg bottoms.

Customized with two-color, embroidered logo and individual player numbers.

PERFORMANCE LONG SLEEVE SHIRT

The performance long sleeve is a bi-color, dry excel twill polyester knit with hole micro - mesh inserts. Features a rib trim neck and cuffs with a drop tail hem and tagless labelling.

The front of the shirt is embellished with screened decals.

CUSTOM MADE TO ORDER SHORTS

Made from lightweight, quick - drying polyester and spandex blend. The loose, oversized shorts feature deep side pockets and accent piping. Embroidered with 2 color custom decals.

COACHES ELITE WARMUP PANTS & JACKETS

Made from heavyweight, weather - resistant nylon. The jacket has a full zip front, cotton lining, side pockets and a vented back.

The pants are cotton-lined, with a 12" bottom zipper, elastic waistband and drawstring.

The jacket and pants are embroidered on the left chest and left leg with a two color custom decal.

VORTEX SYSTEM JACKET

The Vortex system jacket is a water resistant nylon tactical outshell with a zip - out anti pill fleece liner that provides additional warmth. The jacket also has a concealed rollaway hood, adjustable cuffs, high visibility reflective piping, zippered front and bicep pockets, and a full length storm pocket.

The team selected Brunswick hockey embroidery on the left chest of the jacket and fleece, and an embroidered school seal on the upper left sleeve of the jacket.

SCREEN PRINTING & EMBROIDERY

Harrow is able to customize products using its own in-house embroidery and screen-printing production department. The embroidery room accommodates 16 machines which have the capability to embroider names, numbers and/or logos to personalize any garment or bag.

The screenprinting department is equipped with ten manual and one automatic screen press. Most product customization uses between one and three-color screens, but additional colors can be added upon request
